This happens when the admin needs to verify your account. If it was active before and pending later then it means you have misleading information, copyright image, or anything that needs to be verified. Our admin will contact you in 3 to 4 business days or you can contact us at [info@wedtayari.com](mailto:info@wedtayari.com) or you can directly contact us on our Instagram or Facebook page.

### Do i need to put wedding photos only?

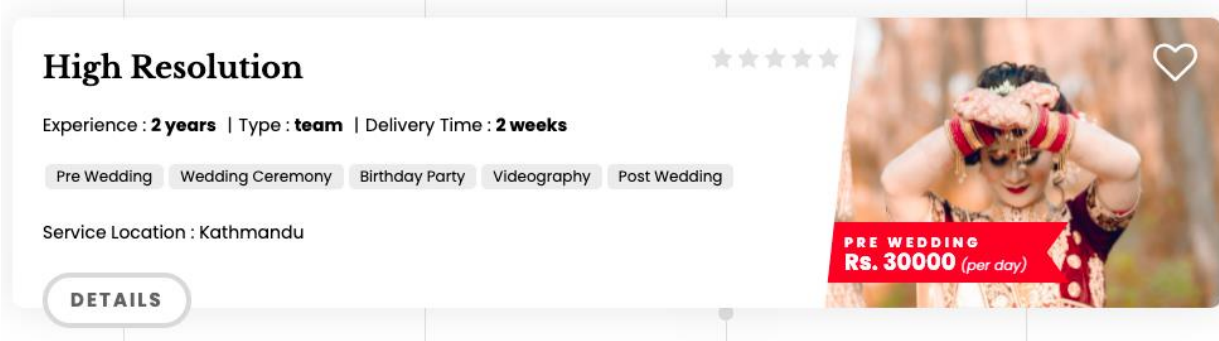

No, you are free to put any photos but that must be yours.

### What to do if I get any error?

Having an error is frustrating. In that case, you can screenshot the error and send us to [info@wedtayari.com](mailto:info@wedtayari.com) or you can directly contact us on our Instagram or Facebook page.
